

Our Community

Our first activity as a Muslim community started around seven years ago when we began praying Salat Al Jumu'ah at the hospital chapel. During Ramadan we would pray the Taraweyah salat in the living rooms of local brother's homes. From there we made arrangements to rent an apartment as a Musallah. We then arranged to have Hafidz come to lead the Taraweyah salat. We prayed in that apartment for about two years. When that apartment no longer met our needs we began renting our current Musallah at 12 Spruce St. We have been there for the last four and a half years. Our community has grown in size consistently over the last few years, and is expected to grow even larger due to a new regional hospital being built here. We have recently purchased six acres of land on which we intend to build a small Masjid. With the help of Allah and your financial contribution we can purchase the building pictured. Then we can start to offer more classes, events, and services.

ISLAMIC SOCIETY OF GREATER AUGUSTA

Floor plan to accommodate 60 people

Arial photo of our 6 acres of land

Our Intention

Our intention is to build a small Masjid that can accommodate around 60 people. Our short term plans are, but not limited to the following:

- To provide a safe facility that meets fire safety and zoning codes.
- Install handicap bathrooms with wudu areas.
- Install new carpet and tile throughout the building.
- To build a parking lot for vehicles
- Have a sign designed and installed.
- Install a quality sound system.

After we build a Masjid our long term plans include :

- Hiring an Imam to instruct and council us on the Quran and Sunnah.
- Provide classes for our Muslim community and the general public.
- To provide marriage and funeral services.
- To expand our current children's curriculum
